

The ART of Health Restoration

OFFERING A ONCE IN A LIFE-TIME EXPERIENCE!!

*JOIN ISABELLA LYNNETTE IN FIJI
FOR ONE-on-ONE, HANDS ON TRAINING TO COMPLETELY SCULPT
YOUR BODY, MIND & SPIRIT INTO THE CREATION YOU DESIRE*

**What a treat and life
enhancing experience you are in for!**

BULA! (means: hello, welcome, enjoy)

We are offering for you to come join us in our home, right here in Fiji. You will get to live with us for either a 2 or 4 weeks. You will learn each and every day how to create and live a healthy and vibrant lifestyle. You get to enjoy one on one with hands on training on how to cook, un-cook, shop for the best foods, learn how to grow your own foods and experience nature walks to get grounded on a daily basis. You will also enjoy activities such as hiking, swimming, snorkeling, climbing the water falls, steam baths, mud baths, reflexology, massages and more. We will help you Innerstand how to embrace mediation and prayer as well as how to manifest your desires.

Did we mention that the in-home stay experiences are ALL INCLUSIVE!!!! Yes, that's right! All meals and even eating at our trusted and favorite organic restaurants are included. All bus and taxi fares are included. You will get a couple of souvenirs, including snorkel gear, and much more!

You will enjoy some 'alone' time for you to meditate or just enjoy the good ass prana!

You get all of this, plus everything offered in the online courses for 7 days or 6 weeks.

For a 2 week stay in Fiji to experience all that we are offering with around the clock one-on-one training, would cost you well over \$12,000.00 American

dollars). You are not only getting your room and board, but every single meal, outings, one-on-one training with us and more.

What is YOUR health and life worth to you? What will you choose to do? Are you ready for the life changing experience and restoration of your life?

Keep in mind, this retreat/healing stay is NOT for the timid. We are living in a 3rd world country. We also, are not a 5 star resort in which all the modern luxuries they have, are not for us. We would not be able to set ourselves apart from the other resorts if we claimed to be one of those in which you are pampered and catered to in the typical modern methods you would be used to. Instead, we offer you the luxury of LIVING LIFE! We offer you home- stay in our home in which you will learn from us directly. We offer you the benefit of NON tourist activities in which you can be better at being ONE with nature. You will experience the great out-doors as you have never experienced it. (Yes, we do have electricity and running water and modern kitchen appliances.)

We will also treat you to a night at the awesome Koro Sun to enjoy an organic dinner and pool side treats.. There are a few Organic restaurants in which we will treat you to as well.

You will leave us with a renewed and restored youthful YOU! You will leave us with the mind-set and tools to keep with you for a life time of living happily and sustainably. Great tools you can pass on to your loved ones.

Please, also keep in mind, that our schedule changes from Now to Now as we are always on FIJI time since the Time is Always NOW!. No activities will be left out, but it may feel rather odd at first site when we have no set schedule.

This is also part of the Innerstanding of JUST BEING in the moment!

What Time Is It? The Time is NOW!

Invest in YOU!

Much Love and Happiness
